

Dear

Please be advised that the ordinances of the Village of Arlington as well as the building permit and plat plan approval processes require that all new construction install sidewalks.

It is your obligation to apply for a sidewalk permit and post a cash or surety performance bond to ensure compliance with these sidewalk requirements. I have enclosed a copy of the application as well as the performance bond for your information. If you have any questions regarding the process, please do not hesitate to contact me.

Be advised, however, if you fail to install sidewalks in accordance with our regulations, a sidewalk will be installed for you and the entire cost of same assessed to your property taxes for collection.

Respectfully,

Jamie Insley
Zoning Inspector
